- All significant parts of the X-ray Machine, particularly the X-ray Generator and X-ray Tube, must be manufactured by the same manufacturer of the X-ray Machine being offered. In compliance with this, a certification from the supplier and manufacturer is required.
- The system must have existing LEDS Type C Standard 2 Certification. The X-ray Machine, if required, must be ready to be upgraded as Liquid Explosives Detection SyLEDs (LEDs) Type C Standard 2 equipment for LAGS (Liquids, Aerosols & Gels) detection according to acceptable international standards.
- The system must have an existing Explosive Detection System for Cabin Baggage (EDSCB) C1 Standard Certification and be ready for possible future updates to detect dangerous explosives in the tray according to acceptable international standards.
- *Test and Acceptance Procedure – The Supplier/manufacturer shall provide a certification of all mandatory tests, test procedures, testing laboratories, compliance to required standards and the record of the test results for the x-ray unit.*

IV. Conditions of the Contract:

A. General Conditions:

1. The quality and quantity of the pieces of equipment shall be as per the PICC-approved specification.
2. The delivery cost for the materials shall be the supplier's responsibility.
3. The SUPPLIER shall ensure that the equipment delivered at the specified site of PICC must be in good working condition.
4. The PICC representative(s) shall inspect the equipment and reserve the right to reject any equipment delivered of inferior quality that does not comply with the approved specifications.
5. The SUPPLIER shall indemnify PICC for all claims, damages, compensation, or expenses payable due to any injury or accident caused by the SUPPLIER.
6. The custom duty, VAT or other taxes, and cost of transportation or any additional incidental charges, if required in connection with the delivery of goods, shall be borne by the SUPPLIER.
7. Should the SUPPLIER neglect or fail to deliver the work order under the Terms of the Agreement or violate any of this Agreement, with due diligence, the PICC shall be entitled to cancel the Agreement and demand damages.
8. If the SUPPLIER fails to deliver the materials as per the agreed schedule, PICC will impose a penalty of 1/10 of 1% of the total contract value for each day of delay.
9. The Supplier is responsible for the cost and other expenses for processing the required permit and licenses for this project.

10. The Supplier is responsible for the cost and other expenses for the installation, commissioning of equipment, and training of the designated X-ray technician of PICC for the essential operation and maintenance.

11. The X-ray equipment must be of European or American standard.

12. All X-ray equipment must be of the same manufacturer/brand.

B. Other Conditions:

1. After-Sales Service Requirements: The Prospective Bidder must have a dedicated 24 x 7 central command/call center office, whether outsourced, owned, or a subsidiary of the supplier, to accept emergency calls any time of any day from PICC. The central command or call center office is subject to PICC's actual inspection of the premises. Submission of pertinent documents, for example, outsourcing agreement, SEC Registration, or any proof of ownership of such facility, will be required in the bid submission;
2. Must have in-country or local service repair facilities to support immediate service requirements, with complete spare parts and trained engineers. Training certificates of at least four (4) engineers must be presented during bid submission
3. Must be a legitimate x-ray machine dealer or security systems provider. The company must form, and the primary purpose from the date of incorporation or company formation is to provide advanced electronic security systems.

STATEMENT OF COMPLIANCE

Bidders must state here either "Comply" or "Not Comply" against each of the individual parameters of each Specification stating the corresponding performance parameter of the equipment offered.

Note:

Statements of "Comply" or "Not Comply" must be supported by evidence in a Bidders Bid and cross-referenced to that evidence. Evidence shall be in the form of manufacturer's un-amended sales literature, unconditional statements of specification and compliance issued by the manufacturer, samples, independent test data etc., as appropriate. A statement that is not supported by evidence or is subsequently found to be contradicted by the evidence presented will render the Bid under evaluation liable for rejection. A statement either in the Bidder's statement of compliance or the supporting evidence that is found to be false either during Bid evaluation, post-qualification or the execution of the Contract may be regarded as fraudulent and render the Bidder or supplier liable for prosecution subject to the applicable laws and issuances.
